

# THE CHRONICLE

Provincial Library

Edmonton

VOL. IX. NO. 47.

CROSSFIELD, ALBERTA, FRIDAY, NOVEMBER 10th, 1916.

PRICE \$1 A YEAR.

## LAUT BROS.

### Figure It Out Yourself !!

We have Secured a New Supply of

### "MAYTAG" POWER WASHERS

And are making a special feature of them this week.

We extend a cordial invitation to all to see these working at our store any day this week.

The price remains the same \$35.00 for Washer with Wringer attached.

Figure it out yourself in the commodity you have:-

POWER WASHER	}	22 Bushels of Wheat
		39 " " Barley
		70 " " Oats

Do you Owe your Wife that much?

**Laut Brothers,**  
GROCERIES, HARDWARE,  
IMPLEMENTS, HARNESS.

## A Chance For ALL !

There are still residents in this locality who do not take the "Chronicle." We are anxious to get them on our subscription List. Now is your chance to help. Every New Subscriber paying two year's subscriptions \$2.00, will receive a copy of

### "The Veterinarian"

Published at \$2.50

And the Chronicle for two years from date of payment.

Any old Subscriber bringing in Subscription for the next twelve months and a New Subscription for a friend will receive a

**Free Copy of "The Veterinarian,"**

and the Chronicle for a year.

Any old Subscriber who has paid up for 1916 may obtain a copy at the Reduced price of 60c.

**This is a chance that will not be repeated. Hurry Up and Get Yours.**

**The Number is Limited.**

### Local and General :

Mr. and Mrs. Bray and Mr. and Mrs. Onkes motored to Drumheller on Sunday last.

Another of our local boys has paid the supreme sacrifice. Amongst the list of casualties on Saturday we noticed the name of S. Dawson. It will be remembered that he left Crossfield to join the 56th Batt.

Church of the Ascension, 21st Sunday after Trinity, Nov. 12th.

Sunday School at 10 a.m.  
Morning Prayer & Holy Communion at 11 a.m.

Private A. E. Barnes of the 13th Mounted returned to town last Thursday afternoon, he had hard luck, a piece of shrapnel coming his way on his initial appearance in the trenches. He returned in a badly damaged condition. He is staying with his parents out west of Crossfield.

Last week we reported that Pte. R. Gentles, of the 89th had been wounded, we are sorry to say that word has since been received that he has been killed in action.

Mrs. Cavender left town last week end for Calgary, where she will take up her residence for the present.

Mrs. D. Wigle returned to town on Wednesday from Seattle, Wash., where she has been spending a holiday with her son.

Rev. H. M. and Mrs. Horricks took the Ford route to Daysland on Tuesday morning to spend a few days with friends.

As will be seen in another column the announcement of the Canadian Patriotic Fund, stating that \$7,000 is the sum to be raised in the Crossfield Electoral District. It is hoped that Crossfield will show the liberal spirit in this matter that is one of its many characteristics.

Have you seen our Sample Book of Christmas Cards yet. Early, you say! Well, its only a short time to Christmas. You will do well to get your order in at once, as the best cards get run through in good time, so you would do well to call early.

### FALLEN TIMBER PROBLEM

In the Rocky Mountain Reserves fires have killed large areas of mature growth, and as a result there are thousands of acres of windfalls covering the ground with a labyrinthian maze of down trees, which make the areas almost inaccessible and unmanageable for cropping. What can be done with this unfortunate condition? After some time this material rots, disintegrates and becomes a part of the soil, but in the alpine climate this process takes a long time. Meanwhile, these areas form also dangerous fire traps.

Here again, the Forest Products Laboratories may be able to work out a solution, devising means of utilizing such material. Altogether, the problem of finding use for minor wood materials is one that would often make it economically possible to solve the silvicultural problems.

There are a host of problems which it takes time to solve. Their solution should be attempted at an early date. This is possible by experiment on a small scale before the necessity of solving them on a large scale arrives. But it should be realized that the answers to these inquiries by experiment come as slow almost as the crop itself for which they are made.

**Why Front Tires Wear**  
Numerous complaints are registered because front tires wear out more quickly than the rear tires. The fact is that front tires should last considerably longer than the rear tires, in that they are relieved of driving strains. Excessive wear on front tires is more generally due to misalignment of the front wheels. Drivers forget that they often hit the curb with the front wheels and in this manner throw them out of the alignment.

### STOVES & HEATERS

Throw out the Old and Obsoletes and Save on your Winter Coal Bill.

Let us quote you our prices on any Kitchen Utensils. We have the Latest.

**W. McRory & Sons**

HARDWARE SPECIALISTS AND HEATING EXPERTS.

## Pains in the Side, Chest, or Back Aching Muscles Cured Quickly

### Even Doctors Marvel at the Penetrating Power of Good Old "Nerviline."

Pains anywhere—in the chest, neck, side, back or muscles—they are always a discomfort.

If the inflammation is severe, the pain will be intense. If allowed to continue, complications will follow.

Physicians say one of the best remedies is "Nerviline"—it can't help curing, because it penetrates through the sore tissues, carrying healing properties that destroy every symptom of pain.

In case of colds, sore chest and pleurisy, there should be a good hand-rubbing with Nerviline, and, of course, to prevent the trouble coming back, it's advisable to put on a Nerviline Porous Plaster, which, by

absorption through the skin, draws out all congestion.

For general household use, for curing the ailments of the young and old, for destroying all pain, outward or inward, nothing can excel Nerviline; thousands testify to this effect.

For nearly forty years Nerviline has been a renowned and trusted remedy in thousands of homes where practically no medicine is needed.

Nerviline is safe to use. For children's coughs, colds and sore throat nothing can be used with more

certain results.

Get the large 50 cent family size bottle today. It is more economical than the 25 cent trial size, and is sure to keep down the doctor's bill and cure a host of minor ills that arise in every household.

All dealers sell Nerviline, or direct from the Catarthorone Co., Kingston, Canada.

**NERVILINE**

#### What He Thought

A new railroad through Louisiana strikes some of the towns about a mile from the business centre, so it is necessary to run a bus line. A salesman stopping in one of the towns asked the old darky bus driver about it.

"Say, Uncle, why have they got the depot away down here?"

After a moment's reflection the old darky replied: "Ah dunno, boss, unless they wanted to get on the rail road."

#### Minard's Liniment Cures Dandruff.

A milkman was proceeding home after his labors, when he was accosted by a recruiting sergeant, who asked him:

"Wouldn't you like to serve your King?" It would be the making of you.

"Sure," declared the expectant milk carrier. "How much does he take each day?"

### The Wretchedness of Constipation

Can quickly be overcome by  
**CARTER'S LITTLE  
LIVER PILLS**

Purely vegetable—act gently and gently on the liver. Cure Biliousness, Headache, Indigestion, Stomach and Intestine. They do their duty. Small Pill, Small Dose, Small Price. Genuine must bear Signature.

*Small Pill, Small Dose, Small Price.*

### ARLINGTON

GRAVEL, RHEUMATISM,  
GOUT, DIABETES, BRUISES,  
AND ALL THE PAINS OF THE  
KIDNEY.

W. N. U. 1126

### The Market Report

Contributed by Randall, Gee & Mitchell, Ltd., Grain Merchants, Winnipeg

A careful study of conditions would lead one to believe that the present high levels do not exaggerate the facts governing the crop situation. Statistics on the Canadian crop estimate the production of wheat in this country at one hundred and sixty-seven million bushels, or practically one-half of last year's crop.

We must remember, however, that this is very close to the average production. Then we have the American crop, which is estimated at approximately six hundred million bushels, which is the lowest average for a number of years.

Both crops are going to be made up of a goodly quantity of very low grade wheat. In fact, the early shipments from Manitoba points have shown a very heavy run of feed wheat. This condition is also true in the Minneapolis market. Reports from that centre coincide with the statements of millers here on the low average of flour production of these low grades.

The result is that the milling enterprises will have to buy up the good wheat, that will mix with these low grades and standardize the flour. This accounts for the present widespread buying by the millers, which would naturally make the cash situation very strong.

This situation is limited, and with this feature out of the market it has forced those who want the actual wheat to advance prices each and every time they try to increase their holdings. Their offerings due to the low market appear as a burden, the net result has been a very nervous market with wild fluctuations.

The wheat situation continues to be a big factor, and there does not appear to be any doubt but that the wheat of the Allies in the Balkans will have a depressing effect. However, it remains to be seen whether we wish for whether Russia's crop will be dumped on the market as rapidly as anticipated.

The general opinion among the trade is that where wheat might be a great deal higher price for wheat, still those that own it should take advantage of present levels to market their holdings.

### GUARD BABY'S HEALTH IN THE SUMMER

The summer months are the most dangerous to children. The common complaints of that season, which are cholera infantum, colic, diarrhoea and dysentery, come on so quickly that a little one is beyond aid to prevent the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to cure them.

Other medicine is of such aid to the mother during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absorbed by the system by medicine dealers or by mail at 25 cents a box from The Dr. Wams' Medicine Co., Brockville, Ont.

### Tommy Atkins

The name of Tommy Atkins, which is universally applied to the British soldier, originated at the time of the Indian Mutiny. When the British broke out in Lucknow all the Europeans fled to the Residency. On their way they came across a private of the Duke of Cornwall's Light Infantry, who was on sentry duty at an outpost. They urged him to make his escape with them, but he refused to leave his post and was killed. His name happened to be Tommy Atkins and whenever a deed of exceptional daring was performed during the Mutiny the deed was said to be a "regular Tommy Atkins." Since then the expression has been used in a more general sense, and now applies to all the British soldiers.

Youngblood: But our honeymoon cannot last forever, you know. Wife: Oh, no—I realize—but I so dread to take up the frivolous things of life—Exchange.

Certain morbid conditions must exist in the stomach and intestines to encourage worms and they will exist as long as these morbid conditions permit them to. To be rid of them and spare the child suffering, use Miller's Worm Powders. They will correct the digestive irregularities by destroying the worms, conditions favorable to worms will disappear, and the child will have no more suffering from that cause.

A motorist had had a mishap, and was under a great deal of stress and strain, when a rustic came along, and, after staring vacantly at the car, walked slowly round to the back of it.

"Well, my man, don't you know what this is?" the motorist asked, sharply. "It's a motor car," said the rustic. "Not at all, my man," snapped the owner, "it's an automobile."

The rustic stood staring at him for a moment. "Oh, say, guv'nor, d'you know what this is of my shoulder?" "It's a scythe, of course," was the reply. "Oh, no, it ain't!" said the rustic. "It's an ought-to-mow-grass, but it won't."

### An Essay on Men

A little girl wrote the following composition on men:

"Men are what women marry. They drink and smoke and swear, but don't go to church. Perhaps if they were bonnets they would. They are more logical than women, also more zoological. Both men and women sprang from monkeys, but the women sprang farther than the men."

Minard's Liniment Cures Burns, Etc.

Her: I don't know how to tell you I love you.  
Her: Don't worry about that—I'll tell you when we are married. I don't go to nervous about it how to tell papa about it.

When charged with being drunk and disorderly, and asked what he had to say for himself, the prisoner gazed pensively at the magistrate, smoothed down a remnant of grey hair, and said:

"Your Honor, man's inhumanity to man makes countless thousands mourn. I'm not as debased as Swift, as profligate as Byron, as dissipated as Poe, as debauched as—"

"That will do!" thundered the magistrate. "Ten days! And officer, take a list of those names and run 'em in. They are as bad a lot as he is!"

"I hear that you called on your girl the last night. How did it take your suit?"

"By the coat collar."

### Instant Relief for

## LIVER TROUBLE

No liver sufferer can fail to benefit from the use of Dr. Cassell's Instant Relief. Its action is natural as nature, sure as science. It is altogether different to ordinary liver stimulants and mercurial salts. These weaken the liver by forcing it, till it cannot work at all without the daily dose.

Dr. Cassell's Instant Relief strengthens the liver and enables the system to cure itself. Then cure is lasting.

Take Dr. Cassell's Instant Relief for constipation, biliousness, torpid liver, sick headache, dizziness, nausea before the eyes, fulminant and windy spasms, acidity, heartburn, impure blood, and that soft, heavy feeling which is a sure indication of liver trouble.

Ask for Dr. Cassell's Instant Relief.

Price 50 cents. from all Druggists and Storekeepers, or direct from the Sole Agents for Canada, Dr. H. J. Little, Ltd., 100, Adelaide Street, Toronto. War tax 10 cents extra.

Dr. Cassell's Instant Relief is the companion preparation to Dr. Cassell's Tablets.

Sole Proprietors: Dr. Cassell's Co., Ltd., Manchester, England.

\$100 was sent to Miss Pinkham  
 last week, \$50 was for the October  
 monthly subscription and the other  
 \$50 was for supplies.

This week the Sewing Circle will  
 meet at the home of Mrs. Lewis,  
 and next week with Mrs. Bray.

## CANADA'S FIRE LOSSES

Canada continues her enormous fire  
 losses, notwithstanding the efforts of  
 many interests to reduce this drain  
 upon her resources. During the one  
 month of March, 1916, approximately  
 \$1,466,669 worth of created resources  
 was consumed. The usual causes,  
 namely, overheated and defective  
 stoves, furnaces, pipes and chimneys,  
 defective wiring, dropped cigars  
 and cigarettes, and children with matches,  
 were responsible for a large share of  
 the loss. Stoves and furnaces should  
 be carefully examined for defects.  
 Chimneys and stove pipes should be  
 thoroughly cleaned. Stove-pipes  
 found corroded and dangerous should  
 be at once replaced. Too much care  
 cannot be taken to guard against fire.  
 It destroys both life and property. In  
 1915 141 persons lost their lives in  
 Canada by fire. Ordinary care only is  
 required to prevent this loss, and it is  
 hard to realize that Canadians are so  
 blind to their own interests as not to  
 appreciate this condition and give  
 more attention to fire prevention.

## Oiling the Automobile

In automobile motors with two-com-  
 partment crank cases and three-bearing  
 crank-shafts it happens sometimes  
 that the centre bearing leaks and one  
 compartment will be flooded with oil  
 while the other will be below level.  
 A good way to test for a leaky centre  
 bearing is to first drain all the oil from  
 both compartments. Then place the  
 same quantity of oil in each side  
 slightly above the ordinary level. Ad-  
 just the pump to feed the same amount  
 to each reservoir. The motor then is  
 operated for a day or two. Place a  
 pint cup under each drain-cock and  
 then open the cocks. Note the dif-  
 ference in the quantity of overflow oil  
 from each side and then a fair idea  
 of the amount of leakage may be  
 gained.

## Slow With New Cars

Never speed a new car. All motors  
 are given workouts on the blocks at  
 the factories, but the car in your hands  
 should be kept within a speed of 20  
 miles an hour or less during the first  
 few weeks you have it. The moving  
 parts are more or less tight when the  
 car is new and they should not be  
 thrown into violent operation until  
 they have had time to "set" with one  
 another and become well lubricated.  
 It is for this reason that racing cars  
 usually show better speed their second  
 year out.

## Length of Finish

The new car is perhaps the best fin-  
 ished ever offered the public and for  
 that reason, method of keeping it in  
 condition should be looked into as  
 never before. Two seasons is not too  
 long to expect a car to retain its good  
 finish, providing reasonable care, as  
 outlined above, is exercised. On the  
 other hand, carelessness will make it  
 look like an old machine in a month  
 or two. It is doubtful if the running  
 gear can be so well preserved, for it  
 gets all the abuse of the road, but to  
 point over this part is a small matter.

## Encourage Home Garden

Horticultural societies and other  
 local organizations can do no better  
 work than encourage the cultivation  
 of the home garden. It not only adds  
 to the beauty of the home, but its  
 cumulative effect upon a municipality  
 spans the chasm between civic pride  
 and civic neglect.

## The Alberta Farmers' Co-operative Elevator Company Limited

Is an organization for service. Every farmer should  
 know what that service means to the community.  
 The Company is organized and equipped to help  
 you and your neighbor. That is the single purpose  
 of its existence.

Helpfulness must be mutual and your co-operation is necessary.  
 This is the first of a series of advertisements written for one  
 purpose—to bring us closer together in an atmosphere of  
 co-operation—or mutual helpfulness to mutual profit. Please  
 carefully read the complete series—a new advertisement will  
 appear each week.

## The Alberta Farmers' Co-operative Elevator Company Limited

320-340 Lougheed Building - - Calgary

In answer to a recent inquiry from the  
 Grain Commission, Fort William, Ontario,  
 about their system of scale inspection.  
 They said the inspection of scales was in  
 the hands of the Province. I see no pro-  
 gress in this department in eight years,  
 since I weighed a load of wheat on Suther-  
 land's and the A. P. scales which differed  
 50 lbs., which would make a difference  
 of \$125 in Charley Anderson's wheat that  
 season. I write the Provincial Inspector  
 of Weights and Measures about it, and C.  
 C. Castle of Winnipeg, former Warehouse  
 Commissioner for Canada. He told me  
 that country elevator scales were not  
 always reliable owing to the raising and  
 lowering of the elevator when empty and  
 loaded.

I was instrumental in having the ware-  
 house scales inspected through the State  
 R. E. Commission in Washington before  
 grain shipping started years ago, which  
 ought to be done here.

I am not saying this to hurt the  
 elevators, but to try and get them in a  
 business like manner to eliminate sus-  
 picion.

In a desire to better conditions I in-  
 vestigated the oil measures given here  
 and in Irricana, and got two barrels  
 from Calgary by local and distributed  
 most of them from the station platform.  
 Full measure for 25 cents per gallon, thus  
 changing the price and unscrupulously  
 short measure from 40 cents per.

If you knew how many has been fined  
 in the different states for short weights  
 and measures in the past twenty years  
 you would be surprised.

There was a while and measures regu-  
 lation at the Edmonton convention. I  
 tried to explain some of my experience  
 on this, but they saw something to laugh  
 at, but 1,000,000 bushels of grain accumu-  
 lated at the terminal elevators from  
 last season crop unaccounted for.

THOS. FITZGERALD.

# CANADIAN PATRIOTIC FUND

## COCHRANE

## Electoral District

ESTIMATED FOR 1916-17

**\$7,000.00.**

During the first year of  
 the war the response from  
 this Electoral District was  
 good. Last year it was better.  
 Let this year be the best.

More men are going daily,  
 and the list of dependents  
 grows by leaps and bounds.  
 It is our duty to provide for  
 them. The Patriotic Fund  
 IS NOT CHARITY. We  
 retain all our possessions by  
 their noble deeds.

The organization for 1916-17 will  
 be the same as in previous years  
 with the following Officers:-

**C. W. FISHER, President.**  
**E. S. MC RORY, Vice-Pres.**  
**A. CHAPMAN, Sec'y-Treas.**

## EXECUTIVE COMMITTEE :-

**F. Turnbull, Capt. Wigle,**  
**J. Havens, Jas. Briggs,**  
**E. H. Morrow, Rev. Mr. Burns,**  
**E. H. Scholefield, L. Farr,**

Crossfield Chronicle Office.

cheap food, are the natural home for the Canadian hen. The bulk of the surplus at the present time comes from the provinces of Ontario and Prince Edward Island. Nova Scotia, New Brunswick and Quebec do not produce sufficient for their own requirements. They ought to do more; and there is now an opportunity for the Western Provinces of Manitoba, Saskatchewan and Alberta to demonstrate to Canada and the Empire as a whole what they can do in this connection in this great hour of trade expansion. The first experimental shipments of eggs from Winnipeg to the British market are either now, or soon will be, on their way, and it is hoped that the increase in production in the Western Provinces in the ensuing year will be such as to warrant the opening up of a big trade in this direction.

Eggs are scarce in Canada at the present time. Current prices are high, and a sharp decline immediately following the conclusion of the war is not anticipated. When prices advance gradually, as has been the case in staple food products, they decline slowly. It will take some years to re-establish the normal meat supply upon the markets of the world, and while prices of goods are high, people will continue to use increasingly large quantities of eggs. This condition will naturally be reflected in the matter of price. This is the situation. Readers may draw their own conclusions.

### Empire Defenders.

We print below a list of the men from the Crossfield district who have joined the ranks of our Empire Defenders. Should any names have been omitted and any of our readers be able to supply us with the same we should be glad to include same.

Lieut. Col. R. L. Boyle, 10th Batt.

Donald Mathieson, 18th Mounted  
George Downing, " "  
George Blanchard, " "  
R. E. Bishop, " "  
Neil McCrimmon, " "

### Mr. Smoker a Word Please

We are asked to start a Subscription list at our office for the purpose of raising funds to purchase tobacco for the Canadian soldiers at the front who are greatly in need of it.

The money will be sent to the Calgary Herald Tobacco Fund, and the names of those donating will be published in both The Chronicle and the Calgary Herald and a post card addressed to you is enclosed in every 25c package you subscribe for, which enables the happy soldier who receives your gift to write and thank you personally when he can do so.

More than 25,000 packages have already been sent through this fund but the work is only just beginning and more assistance is needed.

Just think of the pleasure it will be to some fellow in the trenches without the wherewithal to get a smoke, and no chance to buy it, and someone comes along and hands him a neat little packet of tobacco. Subscription list at the Chronicle office. Come in and put down a quarter, you'll enjoy your next smoke better after doing it.

### SUBSCRIPTIONS:

Mrs. J. Robertson, Abernethy Ranch \$1.  
Mr. A. A. Hall, Crossfield . . . . . 25c  
M. Thomas, " " . . . . . 25c  
J. H. Havens, Sarnpenont . . . . . 50c  
G. Trevorton Jones . . . . . \$2.50  
J. Masohn, " " . . . . . 25c
